Buffalo Ski Center offers members a fun and family friendly environment that's great for kids and adults. We have 43 slopes and three lodges on 300 acres and lots of beautiful scenery any time of year. We are located 30 minutes from Buffalo.

Buffalo Ski Center is looking to grow our membership in communities that have little representation here at our ski center. In other words "share our little secret with others." Your school would be a great fit for BSC! !

How the fundraiser works:

For every Trial Membership form with \$400 payment included that Buffalo Ski Center receives from your school, **Buffalo Ski Center will issue a check for \$250 per Trial Membership back to your school.**

Your school membership cost is \$400. The trial membership includes a family season pass. A family is defined as mom, dad and children age 25 and under.

As trials members you receive 50% off our ski school programs. (Adventure Kids, Mountain Rangers and Adult Group Lessons) Participating in the programs is one of the best ways to get to know other BSC members and our terrific instructors do an excellent job with skiers and boarders at all levels.

We have many generations of members here because of the great environment we offer, and we'll go out of our way to ensure that you will have a wonderful time with us, too.
